

AISHA GIBBS

Aisha Gibbs began training in jazz, ballet, and tap at the age of 13 at Dance Depot. Within that one year she grew to love the art of dance and also being a dancer/performer. After her one year there, she then moved to West Coast School Of The Arts and finished out her training adding contemporary and lyrical. During her 5 years of training, she signed with Bloc Talent Agency and began working in the industry doing many on screen videos and live performances with Miley Cyrus, Ne-Yo, Brian Friedman, Ricky Cole, Tessandra Chavez, Elm Pizzaro, Tabitha and Napoleon, Tony Czar, Marissa Osato, and many others.

While training, teaching, and auditioning she then heard about Boogiezone Breed from her loving mother and auditioned for them and was welcomed to a new dance family with opened arms. Thanks to Boogiezone Breed and Elm Pizzaro she has been introduced to whole new dance community and love every bit of it. Aisha is now currently signed with Clear Talent Agency Group and is so excited for this journey along with my 6 dance families Entity, Academy Of Swagg, Bad Girls Club, Wild Ones, Boogiezone Armada, and Vixxxens.

Aisha loves teaching, performing, and learning from all ages. Dancing has been and always will be apart of her life and she will always thank her mom for giving her all to my sisters and her to become the dancers they are today. May she rest in peace and continue shining down on them while they continue doing what they love most.
