

On Camera Dance Workshop With Matthew Kubitz August 12th - 15th from 10am - 1pm

Join our very own World of Dance alumni Matthew Kubitz for this fun Commercial Dance Intensive! Matthew will cast the dancers into groups where they will learn a routine and will be filmed like it is on "live television". On the last day, dancers will watch the edited version of their dance from multiple angles and receive feedback on how each group did. Dancers will then have one last chance to apply their notes and get the "Perfect Shot."
