

VICKIE ROAN

Vickie is a dancer and creative based in Los Angeles, CA. Originally from Orange County, CA, she trained in the Commercial Dance Conservatory at the Orange County School of the Arts and most recently graduated from Chapman University with her BFA in Dance Performance and a minor in Psychology. Vickie is grateful to have professional credits that include Cat Cogliandro's catastrophe!, Jessica Starr's MusEffect and Justin Giles' SoulEscape. Her dream role as SoulEscape's Creative Assistant gives her the opportunity to perform and teach as a core company member. Most recently, she is excited to have joined Entity Contemporary Dance, directed by Marissa Osato-Moreno & Will Johnston, as a company member!

Vickie strives to use dance as a vehicle to contribute to the world around her and ultimately, encourage others to do the same. When she isn't in the studio, you can find her hiking, writing, in coffee shops or taking scenic pictures of the sky. She is thrilled to continue exploring her voice as a professional dancer, teacher, choreographer and creative while remaining a forever student along the way!
